EDITOR'S EDGE

Dear Sears Family:

Thank you for continuing to support this project. I'm sure our contribution to history will be valued. I have added a program to my system which "writes" genealogy information automatically. There's still a lot of editing to be done but at least the format is standard throughout. It's not exactly like my first documents but compared to the old methods it sure takes some of the drudgery out of the task. Information is presented in Register format as before. We have hundreds of "trees" with Sears families and here you will find the beginnings of three new SEARS trees. Also please find the early work on my transcription of the Records of the Precinct of East Yarmouth (now Dennis, Mass) on Cape Cod. Pictured is a sample of the old text. A script font makes it appear nearly as it does in the original notebook.

The cute note for this newsletter comes from the depths of the internet. I guess this is what can happen if one lets a computer do too much of the writing.

I have a spelling checker.
It came with my PC.
It plane lee marks four my revue,
Miss steaks aye can knot sea.
Eye ran this poem threw it,
Your sure reel glad two no.
Its vary polished in it's weigh
My checker tolled me sew.
A checker is a bless sing,
It freeze yew lodes of thyme.
It helps me right awl stiles two reed,
And aides me when aye rime.
Each frays come posed up on my screen
Eye trussed too bee a joule,
The checker pour o'er every word
To cheque sum spelling rule.
Be fore a veiling checkers,
Hour spelling mite decline,
And if were lacks or have a laps,
We wood be maid to wine.
Butt now bee cause my spelling,
Is checked with such grate flare,
Their are know faults with in my cite,
Of non eye am a wear.
Now spelling does knot phase me,
It does knot bring a tier.
My pay purrs awl due glad den
With wrapped words fare as hear.
To rite with care is quite a feet
Of witch won should be proud.

And wee mussed dew the best wee can,
Sew flaws are knot aloud.
Sow ewe can sea why aye dew prays
Such soft ware four pea seas.
And why I brake in two averse
By righting want too pleas.

In the 1990 Census the government cataloged over 88,000 surnames with the following frequencies and percent of population:

1-	SMITH	1.006%
2-	JOHNSON	0.81%
3-	WILLIAMS	0.70%
4-	JONES	0.62%
5-	BROWN	0.62%
6-	DAVIS	0.48%
7-	MILLER	0.42%
8-	WILSON	0.34%
9-	MOORE	0.31%
10-	TAYLOR	0.31%
844-	SEARS	0.014%

We didn't quite make the top 10. 0.014 percent of 230 million would make about 32,200 Sears in the country.

a preface by Henry Cabot Lodge and an introduction by Julius Nyerere; The record which follows is a story of frustration, my personal frustration, in failing to persuade the US State Department not to reverse traditional US Policy toward self-determination, meaning national freedom, for all peoples - Africans in particular. For Sears the year 1960 was a great climax. For years he had traveled throughout Africa, visiting these one-time colonies. It was his duty (as Ambassador - Representative of the US in the Trusteeship Council, UN) to make up his mind whether each one was ready for self-government.

Dean Stanley¹⁰ Sears[#25453](Benjamin⁹, Paul⁸, Dean⁷, Paul⁶, Edmund⁵⁻⁴, Paul³⁻², Richard¹), born 4 Aug 1901; died 1985 at Alabaster, AL. He married in 1924, **Esther Stewart Daily**[#30538], born 4 Feb 1903 at Irwin, PA; died Nov 1981 at E Dennis, MA, daughter of Winfred Daily [#30539].

Notes for Dean Stanley Sears

DENNIS-Dean S Sears, 84, former Dennis town clerk, town moderator and Barnstable County Registrar of Deeds, died Tuesday in Alabaster, AL, where he had been living for the past year. Mr Sears was born in E Dennis and attended Dennis schools. Later, he attended Huntington and Northeastern Law School in Boston. For a number of years, he worked for the Hyannis Trust Co, the National Shawmut and National Rockland Bank of Boston. In the 1940s, he served as town clerk and tax collector. He served for 27 years as the town moderator and for more than 40 years on town boards and committees. He was the first president of the Dennis Historical Society. In 1944, he succeeded his father, the late Benjamin F Sears, to the office of Registrar of Deeds for Barnstable County. He retired from that office in the 1970s. He also served on the board of directors for the Cape Five Cent Savings Bank. Mr Sears' ancestors were among the first settlers in Dennis. He was part of the 11th generation of his family to live in the town. Henry Kelley II, a member of the Dennis Finance Committee and a former selectman, described Mr Sears as a man dedicated to town service.

"Dean Sears was in a class by himself as the grand old man of Dennis," said Kelley. "He was prominent in his generation as a man who willingly and happily served his town." The town of Dennis declared 5 May 1981, as Dean S Sears' Day, and conferred upon him the title of "dean of all the citizens of Dennis." At that time, Mr Sears told town residents, "I am deeply moved by you lauding me for the things I have endeavored to do in the past to make this a progressive town. I am a progressive conservative in all my doings." He said, "The town of Dennis has always held a deep affection in my heart. It was in my family to be this way... and I have tried to carry this spirit on in my life." Mr Sears was a former master of Mount Horeb Lodge AF & AM. He is survived by a son, Richard D Sears of Birmingham, AL; five grandchildren; and three great-grandchildren. A memorial service will be held at 11 am Saturday, at the S Dennis Congregational Church.

!BIOGRAPHY: Dean S Sears, "Mr Tobey and the Moderator" by Nancy Thacher Reid; 1931; Dennis Historical Society Newsletter, Vol 15, #7, Aug 1992; p 1; Copy in the Society Archives; There are several good moderator stories I would like to share with you. ...The most famous of our moderators in recent years was the venerable Dean S Sears. Stern in demeanor, he was noted for his keen, dry, Cape Cod sense of humor. At one town meeting, an article was passed which raised his annual pay by \$25. After its passage, Mr Sears thanked the meeting for the raise, and was quoted as having said, "I shall spend it all on riotous living." Visiting with Mr Dean one day, in the autumn of his life, I asked if this was, in fact, what he said, and he replied, "Yes, that is what I said, and that is what I did!"

Henry and Rose settled in Orange co, NC where they purchased land and established their home and it was there, before the

beginning of the revolution, that Henry Sears died. His will made on 8 Nov 1768 was recorded in Orange co six years later in 1774. In his will, Henry Sears described himself as "planter being sick and weak of body but in perfect mind and memory." He commended his soul to God, then asked for a Christian burial stating that all of his just debts be paid. He then "lent" all his estate, real and personal, bonds and chattels, and three negroes to his beloved wife, Rose Sears, during her widowhood and no longer.

Notes for Rose Barbee

She lived as a widow for 47 years, was nearly 100 years old in 1820. She was granted land as a widow in Orange co, NC in 1782.

Notes for Martha Frances Sears

Daddy says his grandmother Aldridge was blind, but could sew with tiny stitches. I have seen some tea towels she hemmed by hand at Aunt Grace's house. When a baby was coming she would make a layette by hand.

She lived with Daddy and his family when he was a small child. She churned the butter and could tell when it was ready by the sound of the churning.

Picture of her grave in Aldridge file; Helen Aldridge Foris installed urns on the Aldridge graves at Kiowa cemetery and keeps them cleaned off. She accompanied Uncle Will, Grandma Maggie's brother, to Grandma's funeral in 1956, when Uncle Will was 95. Martha's gravestone, flush with the ground, reads "Martha S. Aldridge".

Notes for Joseph Edward "Edd" Delashaw

Grandpa Edd was a strong, rather silent old man in my memory. He had a stubble of a beard, ramrod straight posture, a sense of humor, took "oliver oil" and chewed tobacco. He had a pleasant expression and enjoyed seeing the children. He had no military service; was a farmer and mail carrier with a large family. He delivered mail between Red Branch, Dexter and Sadler with a hack pulled by two red mules. Maggie grew up at Red Branch. At the time of World War I Edd was 42 and had 10 children. Occupations of the children included two nurses, three teachers (including superintendent of schools in Durant OK), homemakers, a merchant/farmer and a minister. Edd developed heart trouble and was said to have a rare blood condition (no details available). When he died of cardiac decomposition at age 81 the Wise Fun. Home handled arrangements. He was bur. at Bonham's Willow Wild Cem. He was a Baptist, acc. to obit. He lived near the border of Grayson/Cooke cos. near Dexter, TX before his marriage; lived later and died north of Ivanhoe, TX, Fannin co. Elaine Camp, my mother, wrote the following: "Josephine told us about the time the family moved from Dexter to Ivanhoe. Grandma rode in the back of the wagon--'She had to take care of the kids'. But Grandpa had Gracie sit up on the seat beside him for the trip 'so she wouldn't get tired' Josephine said Grandpa favored Gracie. Hayden 's fam. history relates that Edd, George's oldest boy, helped James T. family move to Dexter from St. Jo, Tx, camping out two nights on the way. They slept on the ground and heard wolves howling. Edd and his brothers had two greyhounds and would go jackrabbit hunting with cousins. His dad's farm was fenced with hogwire, and the dogs would run the rabbit into a fence. The rabbit would bounce and would be caught by the dogs in their mouths. The dogs were named Bounce and Catch.

Daddy (son Fred) said that Old Bett, the horse, would only pull to the right. Grandad traded horses to the man who built their house in exchange for the work. Grandad let them hook Old Bett up on the left. She wouldn't go, so they "switched" her. Finally they had to build a fire under her.

Margaret Lou Parker Dozier (dau. of Edd's daughter Ruby) wrote in letter of 12-1-92 (health file) that Ruby called her once in 1946 or 47 to say that she and Aunt Grace had taken Grand-dad to the hospital. She said that they had a young lab tech. just out of school who said that Grand-dad had very rare blood. Something so rare that no one knew anything about it. The doctors wanted to take quite a lot of his blood for tests, and wanted to send him back East somewhere. Ruby said that after talking to Dr. Coen they all decided it would be too much for Grand-dad at his age to undergo all the tests they wanted to do. They took him home from the hospital, and that is the last said about it.

See bro. G. W. Jr.'s notes; fun. home info.

Descendants of James Sears and Abigail? Sherwood

III-1

James¹ Sears[#3732], born 1747. He married **Abigail? Sherwood**[#6039], daughter of Jehiel Sherwood [#6047].

Notes for James Sears

!S.P. May p.179 James Sears lived in Lenox, MA; was in Capt Oliver Belding's Co. in Maj Caleb Hyde's Regt, 8-26 Jul 1778, in Northern Department. He removed to the "Lake Region," (Canada) The last-named son, James, taking all the family traditions together, I think belongs to this family, but needs confirmation. ! Richard E Sears - My Sears line left the United Colonies during or after the revolution and settled in what became the Eastern Townships of Quebec. A Royal Letter patent for Aug 1802 listing 170 grantees of land in what became the town of Sutton, Quebec included the following: Jerod Sears, James Sears, Simon (Lyman) Sears, James Sears, Jr, Nathan Sears and Hezekiah Sears. A grantee named Ephraim Hawley, Jr., was the husband of Thirza Sears, sister of James Sears. These were children of James Sears and Elizabeth Olmstead. This family connection has been emphasized and passed down in the Hawley family and the members of my family remaining in Sutton. The Hawleys and Sears were also petitioners together with Levi Allen, Brother of Ethan Allen for Crown land in Canada as early as 1786. See RIN 18232 which may be the same James as RIN 6046.

Notes for James Sears

!S.P. May p.281 James Sears removed to Canada with his father, and was pressed into the British service in the war of 1812. He was with his command, within hearing of the guns at Perry's fight on Lake Erie, and heard a British officer remark:

This seals our salvation or our damnation. "Yankee" Sears always declared that he never fired a gun at his countrymen, but took care to aim over their heads. After his discharge from the service, he got over into New York State as soon as possible, his departure being hastened by turbulent Indians, who rifled his cabin, and drove him with his family into the woods. From thence he removed to Ohio, and in 1819 to Indiana, where he settled at Knightstown, in Henry co., and where he died. He is buried with his wife in the Quaker cemetery in Roysville.

Notes for William Barnard Sears

An Englishman named SEARS, believed to have been a brother of Wm. Barnard SEARS, settled on Poplar Island, Cheasapeake Bay, about 1720, and is supposed to be the progenitor of the Maryland SEARS.

!S.P. May p.604 He came to this country when a young man, being engaged in some business connection with Lord Fairfax's Land Grant, and settled near Centreville, once known as Newgate, Fairfax co., VA. He was an architect and surveyor, and superintended the erection of many public and private edifices in Virginia. He is said by Rev. A.D. Sears, to have been a cousin of Gen. Chas. Lee through his maternal ancestress and Gen. Lee's mother. He was a Federalist, and opposed to the War of 1812. Miss Mary R Lanphier says she "always heard that five brothers came with Wm. B. Sears to America, and settled in various parts of the country; some of them in New England and some in the South. ! Charles A Duncan, California City, CA. It is interesting that Wm B Sears was an architect, since his granddaughter, Martha (Patsie) Peake, married Richard Wrenn. He is supposed to be a direct descendant of Sir Christopher Wren, the architect who was repsonsible for rebuilding the cathedrals, etc., in London after the great fire.
