A comparatively modest present,
but the good ones which I can give.

"Only who knows his past has a future."
Wilhelm von Humboldt (1767-1835)

Foreword

This book contains the facts, who, where, when, but not the story of our family. If you can add to our history or have an anecdote to tell, then please share it and help make our story come alive. Even little things, like your cousin the fisherman who didn't eat fish, will make our story more personal. If you can add to our story, please contact me! I hope to have at least a photo of everyone who is here. It is amazing how often there is a close resemblance for relatives separated by generations.

Introduction

The following pages list data for all known family members as of 25th September 2020.

Each immediate family is presented in their own section that contains a graphical family tree as well as a description with information about each referenced person and their children. The child section provides information about the children of the preceding couple. When a child has offspring of their own this is presented in a separate family section for that child. In this case a '+' is used to denote that an individual will appear later in the book as a parent with his/her own children and there is a link to the appropriate family reference number. For children with partners but no offspring the partner data is given with the reference family. Roman numerals, followed by a period, are used to indicate the birth order.

In the chapter titled "Families of the Starting Person" the ancestors of Andrew Sears are presented in a kind of enhanced Pedigree Chart which displays the graphic representation of their direct-line ancestors and the children of the couple. This chapter contains information about the couple whose relatives are listed in the later chapters.

The chapter titled "Families of his Ancestors" provides details (as known as of the publication date) for the relatives of Andrew Sears. There is a chapter for each generation. Relatives are listed in the order of the nearness of their relationship.

Sources for the information provided are given in the footnotes.

This document reports the details of 285 individuals, of whom 128 are male and 152 are female. The sex of 5 individuals is unknown. Of the 175 individuals with recorded birth and death dates, the average lifespan was 57.59 years. Of these, 78 males averaged 57.92 years, and 96 females averaged 57.19 years. The longest living male was Joseph Edmund Phelps (1805–1895), who died aged 90. The longest living female was Mehitabel Haskell (1744–1845), who died aged 100.

!S P May p.299 A tall, erect figure, very kindly and benevolent to the poor, industrious, and with large executive ability, claiming that six hours' sleep was enough for any man. He had a sterling sense of honesty, and fair dealing. He was a patriot, and loved his country, enlisting in its service when but a mere lad of sixteen, and he often astonished his grand-children and friends with recitals of their privations and sufferings during the war. Roland Sears of Greenwich, Hamp. co., MA, 17 years, 5 feet, 8 inches in height dark complexion, arrived in Springfield, 18 Jul 1780, for service in northern army; he had previously served, 17-21 Aug 1777, in Capt Ephraim Jennings' Co., Col David Field's Regt. at Bennington, 30 miles; 12 Sep 1777 to 4 Jan 1778, in Capt Eben. Newell's Co., Col Key's regt; and 21 Jul to 25 Aug 1779, at New London, CT, in Capt Elisha Dwight's Co, Col Elisha Porter's Regt, 85 miles from home. In 1787 he took oath of allegiance, having been concerned in Shay's rebellion. His name appears in census of 1840, as a Revolutionary pensioner, then aged 77. "Dea Roland, as he was called, to distinguish him from his brothers, Dea Andrew and Dea John, who lived near by, was a very conscientious, religious man, quite after the Pilgrim type. He offered grace at every meal. With the greatest reverence I recall my grandfather on his knees in the family prayers, in his earnest and devout expressions of gratitude and thankfulness; and his confessions of shortcomings. And the closing words of the prayer have never left my childish memory, and I often find myself closing the petition with them: ' And now Lord, what wait we for? Our wants and complaints are spread before Thee, and Thou knowest what we need, better than we can think or even ask.' Many years ago, in a great movement in the Congregational Church, Dea Sears avowed himself a believer in one God, a Unitarian; quite a grief to his wife, a sweet Christian lady. Later on they both accepted the faith, that evil can never perpetuate itself, in the other life, and as the result every soul shall confess, and glorify God forever.

may be the daughter of Mary Sears and Jonathan Fletcher from Virginia Wilber From: wilber [mailto:seafarer13@att.net] Sent: Saturday, October 19, 2013 5:43 PM To: 'Ray Sears' Subject: Mary Sears/Jonathan Fletcher and Mary Fletcher/Roland Sears Mr. Sears, As I am in the process of building the Fletcher family tree and distributing it to my family and on-line (and have a deadline for such), I'm going to continue under the assumption that you have no problem with my conjecture as to the Jonathan Sears who married Mary Sears (particularly since the original Sears Genealogy does not give any birth date). I've done some re-research and am still unable to find any relationship between the Jonathan Fletcher born in 1734 and Mary Sears, particularly as he married Elisabeth Spalding. I will make a note of your site and the, in my opinion, incorrect birth date. Again ---- Now for our burning question: Would you please tell us why/how you determined the Jonathan Fletcher born in 1734 was the one specified to have married Mary Sears rather than the one born in 1722. Also, would you please tell me where you got your information - the birth date for Jonathan? What is the reference data? Do you have copies of any references? I would certainly appreciate any reference data so I could stop beating my head up against this wall and go find another one. This headache has already been monumental?.. On the chance that my previous attachments have been lost, I am again attaching them, Thank you, Virginia Wilber The following is the record at your site that is the entry for Mary Fletcher. As you can see from the attachment on Jonathan Fletcher's children, his child named Mary with a birth date of 1767 was probably born between an older brother born about 1763 (per death certificate) and a younger brother named Barna who's birth date was calculated to be 1768 (per probate papers). One of Mary's children has the name of her deceased father: ? Jonathan Fletcher Sears Three, and quite probably four, of Mary's children have the same names as Mary's siblings: ? Anna Fletcher Sears - which is probably Ama ? Relief Sears ? Alpheus Sears ? Alpheus Freeman Sears

Subject: Descendants of Richard Sears Hello, I just wanted to say thank you for your website on the descendants of Richard Sears. I was in between computers and got sidetracked by weddings of children and grandbabies being born. I loooooove genealogy and I am a math teacher with obsessive compulsive tendencies so when I finally had time and bought my new laptop I subscribed again to Ancestry I wanted to work on some brick walls of mine. I hit the mother load first on www.famiysearch.org

<<http://www.famiysearch.org>> and found my GGG grandmother Satina Blackmer's christening record with her mother Millissent Blackmer. Then, I found two marriage records - the first Melicent Sears married to David Blackmer on 1 December 1785, and then her second to Rufus Field on 1 May 1816. I was so happy! And then I started researching the Sears line and Massachusetts had so many town records online! I had been looking for Satina's parents for 3 decades! This week I was on spring break and in between watching little granddaughters I found your website Descendants of Richard Sears. I love all the historical details and the way it is written with the numbers, little roman numerals and even M and F - it is great!

!I know it is hard to keep track of the female lineage so I wanted to give you the details on Millissent. Her name is spelled many ways and It is not easy finding her at times. On the 1850 census she was still living and was apart from her younger husband living with David Blackmer her son who was born about 1803, with her name being written as Michael Field(Sears) age 83. I found the christening information for not only Satina, but also Augustus and David Blackmer . After her death her son David moved to Michigan to Washtenaw County. GGG Grandmother Satina and husband Seth Flitcroft had moved to New York and then to Allegan County, Michigan about the same time 1856, I haven't been able to find Augustus yet. Well, I could go on and on..... Thank you for providing me with lots of reading material for weeks. I hope this email finds you well and still working on genealogy! You did a wonderful job on Richard Sears! Sincerely, Valerie

Subject: Blackmers and Sears Connections Hi Ray, Hope you are having a good 4th of July. I am enjoying reading your posts on the Sears Association Facebook page. The picture of the dog tags was really good to go along with your story. I love history and family stories.

!I wanted to ask you if you would help me out and look at your Sears database and specifically, the Blacknur/Blackmer/Blackmores and see if you have a source for 2073 through 2081 and their birthdates and if you have any further information about them. I'm really beginning to think my GGGG Grandmother Millissent Sears married the David Blackmer who was her 2nd cousin and is the son of Peter Blacknur/Blackmer, who was the son of Hannah Sears, who was the daughter of Joseph Sears. I have been reading everything I can find on the internet as far as the Blackmer genealogy and trying to rule out different David Blackmers. On the 1790 Census for Greenwich there is David Blackmer (with Millissent), Roland Blackmer, and Peter Blackmer Jr., who would all be brothers, and then in 1800 they are joined by Amos and Moses who are also their brothers. David is gone in 1800, but when I looked at Freeman Sears in 1800 Greenwich and checked his census it looks like David and Millissent could be with him. David Blackmer then died soon after Satina was born according to her brother David's obituary. David Jr. and Satina both ended up moving to Michigan. David Jr. had Millissent with him on the 1850 census in Franklin

Co, Ma before her death 6 March 1853 and then his family moved by 1860 to Michigan. Satina and her family moved to New York first for 30 years and then moved to Michigan by 1860. I am loving this new Sears line. I had pretty well given up on my Satina Blackmer's parents and had not really looked for a few years. A distant cousin had given me the wrong information for her parents listed on her death certificate (and actually she has it wrong on Find a Grave too) She thought "Wilson" Blackmer had to be the father, but when I went up to Michigan and looked at it with the county clerk she said no, this is the mother and it looks like "Milson" Blackmer, which is really Millissent Sears Blackmer. Her name is spelled wrong on every single result on Ancestry. But when you look at the image you can tell it is Millissent or Milicent. Her name was spelled correctly on Familysearch thank goodness because that is where I first found Millissent Sears and David Blackmer as Satina's parents. I thought you might want this information: Millissent Sears born to Freeman and Mehitable Sears on 20 September 1767 married first David Blackmer on 1 December 1785 Gill, Greenwich, Massachusetts. They had three known children: Augustus Blackmer (I can't find him anywhere), David Blackmer born 15 October 1803, and Satina Blackmer born 24 June 1806 all in Greenwich and baptized 1806. She married 2nd Rufus Field on 1 May 1816 in Greenwich. Rufus Field was born 23 November 1744 Northfield, Massachusetts and died 12 December 1820 Erving, Franklin Co, Massachusetts. Millissent is buried in Erving Center Cemetery, Franklin Co. Rufus is buried there also and is buried with his first wife Elizabeth Field. They have Millissent with the wrong Rufus Field (his son) on Find A Grave. Thank you for your Sears Genealogy information. I look forward to hearing from you when you get a chance. Your new found much related Cousin Valerie

!History of Barre, p. 276 An interesting episode concerned a Barre resident, Henry Sibley, who was a veteran of several campaigns which included a march to Ticonderoga. Sibley enlisted as a sergeant in a Mass regiment of artillery for three years. When it became apparent that this organization was about to leave Boston and participate in action in other colonies, Sibley and several others signed a statement that they would not leave their home colony unless their pay was increased to a level commensurate with that of the artillery of the Continental Army. The signers found themselves in Boston city jail. History does not record how these men regained the good graces of their officer. But they obviously did. Sibley is recorded as Quartermaster Sergeant of Lt Col Paul Revere's Artillery in 1780."

lesliecooper1... Today 3:47 AM GMT I am filling in a family tree (not on the web yet) and was fascinated to find your information on my great-grandmother's maternal family. My great grandmother, Grace Bickford, was the only surviving child of Mary Emily Sears (1837-1861), married to Edward Oscar Bickford. E.O.Bickford subsequently remarried, moved to Toronto, Ontario, Canada, and had more children. His new wife was long-lived and was a strong family presence; Grace's birth mother sadly faded in history, until I found your family tree. There only seems to be one photo of Mary Emily Sears in the family, and it is a photo with E.O. Bickford, which I have. Grace gave the names Mary Emily to one of her daughters, and the names were also given to someone again in the next generation. It looks as if Mary Emily Sears died in childbirth - the family bible has an

entry for the birth and death of a baby boy, Frank, in 1861. I have noted the generations you have documented going back to 1608 with interest. It is late and time for me to go to bed (!), but I wonder if I will find photographs on your family tree of Mary Emily Sears or her ancestors next time I take up this project. I am so glad I can represent her properly on our family tree, and bring her back into our family. Thank you from one Leslie to another. lesliecooper@sympatico.ca
